API documentation

Examples of how to use the various endpoints of the API, as well as detailed information on how to construct complex queries.

Guides

Getting started

In this guide you can learn the basics of using the ACLED API to access ACLED data.

Elements of ACLED's API

Learn more about some of the general elements of ACLED API calls

20 MAY 2025

ACLED endpoint

Learn how to request ACLED data using API calls to the ACLED endpoint

20 MAY 2025

Deleted endpoint

Learn about the different aspects of the deleted endpoint

20 MAY 2025

CAST endpoint

Learn how to use the CAST endpoint

20 MAY 2025

Importing data from the ACLED API into PowerBI

This guide explains how to integrate the updated ACLED API into PowerBI using the OAuth authentication method.

If you have any questions about ACLED API access or usage, please contact access@acleddata.com.

Learn more about the data directly from the ACLED team

Our team offers training sessions to help you understand ACLED data and use it effectively to make informed decisions related to conflict.
